THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1900, according to Act of Congress of March 3, 1879

VOL. X. NO. 274. CHARLEROI, WASHINGTON CO., PA., SATURDAY, JULY 9, 1910. One Cent

GOVERNOR STUART WILL LEND AID IN CAMPAIGN

Many Speakers Volunteer Their Services

ORGANIZATION IS SOLID

So-Called Independent Opposition Never Given a Thought

Few candidates for Governor in Pennsylvania will have had an abler number of campaigners than Hon. John K. Tener of Charleroi, if all who have already volunteered their services, carry out their present intentions. Not only some of the best speakers in the State, but in other States as well have offered to assist Mr. Tener, when the campaign opens and the cities and towns fortunate enough to have the campaigning party make them a visit, will be treated to discourses by some of the finest orators of the country.

Chief among these who have offered to speak and assist Mr. Tener in his campaign is Governor Edwin S. Stuart. Mr. Stuart has given Pennsylvania almost a golden rule, and has been one of the best Governors the State ever had. Other noted men who will assist are Ex-Congressman "Jim" Watson, of Indiana, who ranks as one of the best speakers of the west, and Representative Ralph D. Cole of Ohio.

Lieutenant Governor Robert S. Murphy, who was considered one of the strongest rivals of Congressman Tener for the nomination, will make some speeches for him. Others will be ex-Ambassador Charlemagne Tower, ex-Lieutenant Governor L. A. Waters, ex-Senator John S. Fisher, District Attorney W. L. A. Blakely of Allegheny county, and ex-Senator Cyrus E. Woods.

State Chairman Walton says that his assurance are that every man of prominence in the Republican party in the State will take the stump and work hard. The speakers bureau is already partially organized and will be perfected in a short time.

While the enemies of the organization have repeatedly asserted that the ticket is one of the weakest the State has had for years, and have made every effort to disrupt the Republican forces, it is nevertheless realized by the people and voters of the State at large that this is not true, that the men presented are the strongest candidates that could be selected. The so called independent opposition has not developed as yet, and indeed has hardly given the leaders a thought.

Will Celebrate Columbus Day

The Italians of Uniontown are making extensive preparations for the celebration of Columbus Day there October 12th.

Vandals Wreck Playgrounds

New play grounds which were just opened at Washington were visited and almost wrecked by vandals. All the paraphernalia, including swings, toys and decorations, were broken up and articles of value carried away.

Given Away

The Concho Land company will give away 9 free tickets from Pennsylvania to Carlsbad, Texas, and return. Inquire of H. F. Parsons, representative, 502 Fallowfield avenue, Charleroi, Pa. 272t3

Degree Federation Will Meet Monday

Fayette City Commandery will be Host to Knights of Malta of Valley.

Cumi Commandery No. 383, Ancient and Illustrious Order Knights of Malta of Fayette City will on Monday evening entertain the members of the Monongahela Valley Degree Federation. Half a dozen commanderies, located at Monongahela, Donora, Monessen, Charleroi, Fayette City and Belle Vernon, comprize the organization. Its aim is to better the degree work and promote more of a fraternal feeling among the membership of the order throughout the district.

WILL TELL NOMINEES

Candidates Will be Informed They are Chosen Representatives to Party

PITTSBURG PLACE CHOSEN

The Republican State candidates for the fall election will be formally notified at Pittsburg July 23 of their nominations. The details of the ceremony are being arranged at Philadelphia by State Chairman Henry F. Walton.

The committee of notification, consisting of one man from each of the fifty Senatorial districts, will be named by Convention Chairman William E. Crow. The announcement is expected very soon.

Pittsburg was chosen because of its nearsness to the Charleroi home of Candidate Tener and because it affords a better hall. All of the candidates are expected to be present.

W. S. Bumbaugh of Monessen has been named on the committee from Westmoreland county. He will accept the honor and be present on the occasion.

LAYING NEW PIPE LINE AT MONESSEN

The Monessen Water company will next week award a contract for the laying of $10,000 worth of pipe lines in Monessen borough. These water mains will very materially increase the water presure all over the town. The present extension to the pipe lines will more than double the carrying capacity of the Monessen pipe system and will materially increase the presure in all the hill districts where at present it is rather low.

Connected with the equipment of the Monessen Water company is a filtration plant, the first constructed in the valley, a $10,000 duplicate pump, and a steam engine plant. The present engine used in pumping water is a large Westinghouse gas engine. The contractors will be required to finish the pipe laying job within six weeks after the first ground is broken.

NEW BLOWING MACHINES INSTALLED AT IMPERIAL

Two new blowing machines have been put in operation at the Imperial Bottle works and two more will be started on Monday of next week They will be kept in operation all summer, and be a part of the plant henceforth.

The blowing machines are of the United Bottle Blowing Machine company's make, are to be used in the manufacture principally of the large ware. They will not supersede the men, but will cut down the number of boys employed at the plant. The machines will be operated by compressed air.

Superintendent H. J. Booth anticipates a steady run from now on. The factory is in good shape, and orders are coming in steadily.

ELKS TO LEAVE SUNDAY FOR CONVENTION CITY

Detroit Will be Mecca for Clubmen the Coming Week---Congressman Tener Will be Noted Figure

AUTOISTS GOING FROM THIS SECTION

Thirty members or more of Charleroi Lodge, No. 494 B. P. O. Elks, several with their families, will attend the annual meeting of the Grand Lodge at Detroit next week. Most of the local people will go by train to leave Sunday morning on the 9:05 train. In the Charleroi party will be people from Brownsville, and other up river places, and from Monessen, Donora and Monongahela. A special car will carry the Elks from the Pittsburg district to Detroit. Roland W. Brown is the representative of the Charleroi lodge.

Several Elks from this section are expecting to go by automobile, and two machines will go from Charleroi. These will be C. W. Weltner's and A. D. Spencer's. With Mr. Weltner will be his wife and Mr. and Mrs. George Cooper. Mr Spencer left this morning taking D. R. Hormell with him. From Monessen five owners will go by automobille. The automobilists will leave today or this evening.

The grand lodge will be in convention nearly all next week, and the local party will not return home until Friday. The way it looks now "Garry" Hermann, the owner of the Cincinnatti baseball team of the National league, will be elected grand exalted ruler, Edward Leach of New York city grand treasurer and Fred C. Robinson of Dubuque, Iowa, grand secretary. The latter two will be re-elections. Robinson has some opposition, but it is said to be slight.

Congressman John K. Tener of Charleroi was expected to arrive in Detroit with a motoring party from New York some time this evening, but on account of an unavoidable delay last night, it is hardly likely that he will reach the convention city on schedule time. He will be one of the principal figures at this convention, owing not only to the fact that he is a past grand exalted ruler of the lodge, but mainly because he was nominated recently on the Republican ticket for Governor of Pennsylvania.

FIVE BANDS ENGAGED FOR MONSTER PARADE

Bridge Opening Day to be Celebrated in Great Style by Belle Vernon, Speers and Charleroi People

Not only Belle Vernon and Speers but Charleroi will have a part in the celebration to be held July 20 for the freeing of the Belle Vernon bridge. The local people are taking considerable interest in the matter, and some of them at least will appear in the parade and participate in the exercises to be held afterward at Lynn's Grove.

The line of parade has practically been mapped out. It will form at Speers, and then will continue to Charleroi. After covering the principal streets here, the parade will head back towards Speers to cross the bridge to Belle Vernon, and then go to Lynn's Grove.

The committee in charge of the parade plans to have at least five bands. These will probably be the Charleroi Concert band, the Citizens band, of Belle Vernon, the Fairhope band, the Naomi band, and the Carmichaels or Masontown band. The parade will be led by judges of both counties, the grand juries and the viewers who passed upon the bridge. It is the intention to have 100 or more automobiles in line.

Auto Sticks in Mud Then Prison Warden Entertains

Congressman Tener and Party of Friends Have Unique Visit at Auburn State Prison in New York

A special from Auburn, N. Y., yesterday to the Pittsburg Dispatch says that although accustomed to entertain politicians, bankers, lawyers and even clergymen as the result of grand jury deliberations in various parts of the State, Warden Benham at Auburn prison last night took in the most prominent guests who ever slept inside the walls. They were John K. Tener of Charleroi, Republican candidate for Governor of Pennsylvania, and wife, P. T. Powers, baseball magnate and wife, and A. J. Fanning former secretary to "Tom" Taggart. All of the men are prominent Elks—Past Grands. The Auburn Elks give the following version of their incarceration:

Late last night, while en route for the grand lodge meeting at Detroit, the auto containing the party stuck in the mud on the Montezuma marsh. A relief expedition towed the derelict to Auburn, where it was abandoned. Powers, addressing a newsboy, asked:

"Where's the best hotel?"

"Copper John's," said the boy.

"Where's that."

"Over there. Tell the fellow at the gate you want to see Proprietor Benham," directed the newsie.

In a few minutes the party was amazed to find themselves in the Warden's office of Auburn prison. Warden Benham is an Elk. The grip was soon passed and the party was held for exceeding the speed limit of Montezuma.

This morning Mr. Tener assumed his power as Governor and pardoned all in his party. Then they took the next train for Detroit to join the antlered herd.

ASSOCIATION FORMED BY MINISTERS AND LAYMEN

Union Telephone Declares Dividends

California Concern Had Good Year and is in Good Shape Now

Again the Union Telephone company (Independent) of California has given to stockholders their semi-annual three and one half per cent gold dividend checks. Four months after starting this company mailed a two per cent dividend check and for some time continued to pay two per cent quarterly. Since July, 1905, it has paid dividends semi-annually instead of quarterly on account of the real amount of work attached to it. The Union Telephone company now has nearly 400 subscribers who enjoy the free use of over 1,500 telephones in eastern Washington county.

OUTING ON FIFTEENTH

Odd Fellows of Valley will go to Cascade Park Next Friday

SPECIAL TRAIN CHARTERED

The fraternity of Odd Fellows of the Monongahela Valley have in anticipation the 15th of this month, when special trains on the P. and L. E. railroad will carry them to Cascade Park for a day's outing. This outing is given under the auspices of the Odd Fellows Picnic Assocation, composed of three members from the lodges of each of the following towns: Charleroi, Monessen, Belle Vernon, Monongahela, Fayette City, Allenport, Roscoe, Coal Centre and California, with a possibility of Donora and Monongahela being added before the picinc occurs. The members from Chareroi are Robt. Craig, Robert Christie and I. O. Wycoff. Those from Monessen are L. H. Richards, who is president of the association, Robert McKelvey and Robert Campbell. The Belle Vernon members are Jos. Robison and Earl P. Dugan.

Th special train leaves Brownsville at 7:15 and arrives at Monessen at 7:44. Baggage and baskets will be checked through to the park. The indications are that this will be one of the largest and most successful picnics of the year, as the different committees are working hard to make it a success. At least 1,000 persons are expected to go.

ROSCOE COMPANY HAS GOOD YEAR

The Rsocoe (Independent) Telephone company has been giving service for about three years, with many financial ups and downs, but with marked success at all times in so far as service goes. It now has 90 subscribers. The directors have been quite successful in the affairs of the company during the past year and have issued dividend checks at the rate of two per cent to the stockholders. The statement shows a nice surplus in the bank after the dividend is cared for.

Meeting Held at Christian Church Yesterday

TAKES IN LARGE NUMBER

Extent of Boundries Optional With Those Who Desire to Join

At a meeting yesterday at the First Christian church here of ministers and laymen from various Christian churches along the valley and from Washington, a preliminary organization was formed of ministers and governing boards as a means of increasing the efficiency of church work. The movement is one started some time ago by ministers of this immedate section, and has been productive of great interest.

The program for the meeting yesterday took the form of a discussion of the proposed association with the work of organization such as could be effected at this time. Rev. E. A. Cole, who was present from Washington, made an address in which he outlined the good that had come from other associations, and of the advantages of close association of governing boards and ministers. Following his talk a number of ministers and laymen gave expressions of their thoughts on the matter.

A committee of five was appointed to draw up a constitution and by-laws and to attend to the incidental work necessary to permanent organization. This commitee consists of Rev. H. E. Becke of Monongahela, Frank Ingold of Charleroi, Rev. J. E Hughes of Monessen, Rev. George Woodbury of Belle Vernon, and T. J. Allen of Charleroi. This committee will issue a call for the next meeting. The extent of the association will be optional. It is probable that all meetings will be held in Charleroi.

FARMERS LOOK FOR GOOD CROPS

Indications are for Rich Harvest of Both Fruit and Grain

According to a prominent farmer of Fallowfield township the crops this year will be fairly good. The hay crop, generally speaking, is good, and indications are that the wheat and oats crops will be better than last year. Owing to the slow season not much can be said of the corn crop, but it is expected to reach the usual standard.

The fruit crop promises to be good. Cherries there have been in abundance and apple, plum and peach trees are filled with ripening fruit. The weather of late has been of such as to insure a rich harvest this year, and the farm owners are desirous of making this a good year. It was feared that the corn crop would be slight, but indications are that it will not fall below the average.

Miss Leona Evans, who has been employed in Clarion as a milliner, has returned to her home on McKean avenue to spend the summer vacation.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

County Unit Too Large

The lynching of an Anti-Saloon League detective at Newark, Ohio, who shot and killed the alleged proprietor of an illicit saloon in a raid, shows the weakness of the local option law when applied to so large a unit as a county. Under the Rose law Licking county, Ohio, voted dry. In Newark, the county seat, there seems to have been so much of a sentiment against the prohibitory law that it was not enforced, and numerous speakeasies are alleged to have operated unopposed. A county law and order league employed outside detectives to close up these illegal resorts, and in a raid one of the proprietors was shot and killed by a detective. A mob of citizens battered down the jail doors where the detective had been committed, took him from a cell and hanged him to a telegraph pole.

This emphasizes what the Mail has always contended, that a county unit is too large for a local option law, particularly at the start. In the case at hand, th vote of the entire county was in favor of local option, although there were districts, like Newark, where the sentiment was probably against local option. There the law was not enforced, and in the attempt of outsiders to enforce it a lynching is the result. Had the local option unit been created from the smallest tax creating district, like a township, a borough, or wards in large cities, no prohibitory law would be passed where the sentiment was not in favor of its enforcement. This is the objection of State wide prohibition at the start, although it is possible to reach that condition in the evolutionary process and growth of sentiment from the smallest local option unit. The same weakness likewise applies to the county unit.

A Rehabilitated Party

Because a few so-called insurgents and disaffected politicians are out for revenge and disatisfied with the Republican party, the organization is not going to be disrupted nor given over to the control of the knockers, but is going to adapt itself to existing conditions. The New York Evening Mail puts it this way:

"The Republican party is not going to be made over in a hurry, in order to meet the personal plans or ambitions of quick-on-the-trigger leaders. Neither is it going to be made over on the pattern anyone, or any group, of them has cut out for it. Neither is it going to 'stand pat.'

"It is going to lose some of its old guard soon by death or voluntary retirement. It is going to send to the rear the men who have sought to resist its adjustment to fresh conditions. It is going to assist through a process of evolution—is passing through it now—in which it will take on new and more progressive purposes, and yet will retain that spirit of responsibility, that capacity to perform and not merely to agitate, which seems so irritating to the advance insurgent guard.

"The Republican masses are at work, penalizing reaction, rebuking humbug, appportioning rewards and punishments. When they are through the party will be neither what it is now, nor what the insurgents would have it, but something better than either model. Meanwhile, it is clear that both factions of the majority desperately need each other."

One of the vital principals of the Republican party is that it is constantly changing to meet new conditions and keeping pace with the progress and development of the people. That is why it retains their confidence and is emerging rehabilitated from the storms of criticism and dissension.

A Good Samaritan

Twice within a couple of weeks have the beneficient effects of the Monessen-Charleroi hospital been demonstrated for this community. The first instance was the terrible auto accident near Roscoe, where five injured patients—some of the most serious—were nursed back to life chiefly on account of the proximity of the institution, and the quickness and dispatch by which the patients could be conveyed there without loss of valuable time in attention to their injuries. The other instance was where the hospital afforded shelter and refuge to an unfortunate girl who gave birth to an infant on the streets.

These are only instances of daily occurrence. Not only is a hospital here a life saving institution, but it is a financial saving to the sick and afflicted of the community. These can for a reasonable sum get all the professional care and attention that the hopitals of the larger cities afford, and in addition the patients can retain the services of their family physicians who understand their cases. Experts and specialists can be summoned here in emergiencies the same as elsewhere, with the advantage of the patients being at home where their families and friends can visit them daily if necessary.

These are some of the reasons why the Monessen-Charleroi hospital should command the support and attention of every citizen. Its work is largely charitable and no one can contribute to a more worthy cause than to all viate the bodily sufferings of their fellow beings.

ELECTRIC SPARKS

The Washington Record seems to consider that its "Elusive Lucy," has "Sneaky Ernie" beaten a block for real mysterous movements.

The McKeesport Daily News has nominated Congressman John Dalzell to the United States Supreme Court bench to fill the vacancy caused by the death of Chief Justice Fuller. Now watch a real boom.

The girl who says that because a man tried to kiss her he must have been drinking should not feel disappointed with anyone who agrees with her.

The Sheep Hill Philosopher of the New Castle Herald says that if someone would make him a present of a vacation, he'd hardly know what to do with it, because the blasted things are so awful expensive.

The Eskimos who claim to have discovered how to reduce the size of the human head should come up here and open a morning after studio.

Aeroplanes may be all right to use in war, but if somebody should shoot holes in the wings the aviator might get a mighty hard drop into the enemy's territory.

The "I told you so's" have been working overtime since the Jeffries-Johnson fight.

Scientists say that idleness will kill men but we know of men 72 years old who have loafed their entire life.

The man who paid a debt 42 years old must have recently been convicted.

A man 78 years has declared that age is no bar to love, and has proceeded to get married. It is a different love to that of the 19-year-olds, however.

It's not fashionable to get burned with powder after the Fourth has passed, so it is advisable for little boys to take more care than ever.

Because a pretty girl says no, is no reason a man should commit suicide Rather, we should say, he is a fit subject for congratulations, and should be serenaded in preferance to the couple just married.

RAILROAD DREADNAUCHTS

According to an announcement recently made, the Pennsylvania Railroad System has in service on its lines, or on order, nearly two thousand passenger cars of all steel construction. These cars have been added to the Company's passenger equipment since June, 1906, when it was announced that all future additions to passenger equipment on the Pennsylvania System would be of all steel construction. The Lines of the Pennsylvania System, on all of which steel cars will be operated, include the Pennsylvania Railroad Lines east and west of Pittsburg and Erie, the Long Island Railroad, the Cumberland Valley Railroad, the New York, Philadelphia and Norfolk Railroad, the Vandalia Railroad and the Grand Rapids and Indiana Railway.

The Pullman Company is at present constructing a sufficient number of steel sleeping and parlor cars to equip the entire Pennsylvania System. These cars are now being delivered at the rate of from 50 to 60 a month. Already there are in service on through trains 75 sleepers, and 5 combined parlor and baggage cars When the present order is completed there will be in service on the Pennsylvania System some 600 all steel Pullman cars; this number is included in the 1,988 cars now in use or on order.

The steel passenger cars on the Pennsylvania System have been called "Dreadnaught" cars by reason of their construction. They weigh some 118,500 pounds as against 85,000 pounds in the standard vestibule wooden coach. This increase in weight very greatly reduces the vibration of the car, thereby adding to the comfort of passengers. The car is noncollapsible its principal feature being a cenntral box girder twenty-four inches wide by nineteen inches deep extending throughout the entire length of the coach; this girder in collisions, prevents telescoping. The car is fire proof containing only about 125 pounds of wood: the latter is used for window frames and arm rests in the seats.

In the steel equipment now in service, there are 457 coaches, 22 dining cars, 34 passenger and baggage cars, 33 baggage, 78 postal and 80 Pullman cars. In addition to these there are on order or under construction at the present time, 502 steel coaches, 28 steel dining cars, 83 passenger and baggage cars, 83 baggage, 39 postal, 28 baggage and mail, 1 comination motor car, and some, 520 Pullman cars.

With the 704 steel cars in use at present, and the 1,284 cars on order, the Pennsylvania System will shortly have avaliable for use on its lines East and West of Pittsburg and Erie a total of 1,988, solid steel passenger equipment cars.

Address of Jackson Car

A number of Elks who propose to visit Detroit during the session of the grand lodge next week have made inquiry of the Charleroi Automobile company for the address of the Jackson car. The headquarters are the Seidler-Miner Auto company, 224 Jefferson avenue, Dertoit.

SUNDAY SERVICES AT THE CHURCHES

Several Churches of Charleroi Will Observe Day in Usual Manner.

Baptist

Sunday school 9:45. Morning worship at 11. Subject, "The Calling of the Apostles." Evening service at 4:45. Cordial invitation is extended to all. Rev. C. Joshua, pastor.

French Presbyterian

Sunday school at 9:30. Morning service at 10:30. Sermon, "Character." Men's meeting at 3. Subject "The Testament of a Father." Leader, Mr. P. Parmentier. Evening service at 7. Sermon, "A Great Gulf Established." Prayer meeting. Wednesday evening at 7:30. A cordial invitation is extended to all. Rev. J. E. Charles, pastor.

Christian

Bible school at 9:45. Communion and preaching at 11. Sermon topic, "The Confession of Peter." Evening services at 8. Topic, "The Conversion of Cornelius." Sermons during July and August 20 minutes or less in length. Prayer meeting Wednesday evening at 8. Rev. V. G. Hostetter, minister.

Christ Lutheran.

Sixth street and Washington avenue. Teachers Training Class at 9. Sunday school at 9:45. Divine worship at 11 with sermon by the pastor. Luther League at 6:30. Leader, Miss Lulu Vetter. Evening worship at 7:30, when Rev. J. Elmer Bittle of Pittsburg, missionary superintendent of the Pittsburg Synod, will speak. A most cordial welcome to the public to "come and worship" with us. Rev. C. E. Frontz, pastor.

First Presbyterian

Sunday school at 9:45. Morning service at 11. Christian Endeavor at 6:45. The evening service at 7:30. Offering for the board of church erection will be taken tomorrow and the following Sunday. Wedneday evening prayer meeting at 7:30.

St. Mary's Episcopal

Corner Sixth and Lookout. Early celebration of the holy communion at 8. Sunday school and Bible class at 9:45. Morning prayer, litany and sermon at 11. Subject, "Worship." No evening service. Seats free. All are cordially welcome. Rev. L. W. Shey, rector.

Washington Ave. Presbyterian

Bible school at 9:45. Preaching service at 11 and 8. Jr. C. E. at 2:30 and Sr. C. E. at 7. Everybody cordially invited. Kev. G. G. Kerr, pastor.

SEVENTY DEATHS DUE TO FALL OF SLATE

George Harrison, State mine inspector, reports 115 fatal and 693 nonfatal accidents in Pennsylvania in 1909. Only one of the fatal accidents was due to the explosion of gas, but 70 were due to falls of roof and coal. According to Mr. Harrison the production in 1909 amounted to 27,756,192 short tons, in the mining of which 47,019 men were employed. The quantity of coal won for each life lost was 241,357 short tons, and the death rate per thousand employees was 2.45. In 1908 there were 232,448 tons mined for each fatality and the death rate was 2.38.

How to Cure, Pimples, Exzema and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid resultswherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any from of skin or scalp diseases by this clean, scientific remedy. Piper Bros.

ANNIVERSARY AT FELL'S CHURCH

Sunday Will be Memorable Day for Webster Denomination---Bishop Moore Principal Speaker

With services held Thursday night began the celebration of the 125th anniversary of the Fells Methodist church at Webster. Services were held last night and will be repeated tonight, with the grand climax on Sunday when the program will take the form of an all day service with a sermon by Bishop David Moore of Cincinnatti, and a general reunion of former pastors and members.

The program Thursday night consisted of a sermon by Rev. A. S. Hunter of Beaver and a consecration service led by Rev. W. C. Weaver, D. D., of Beaver Falls. Last night Rev. Juoson Jeffries, of Wilmerding preached a sermon and Rev. Herbert Morris of Star Junction conducted an evangelistic service. Both were former pastors of the church. Rev. S. G. Noble of Donora assisted the evening's service.

Tonight the service will be in charge of Rev. R. S. Ross, D. D. of McKeesport and Rev. H. S. Humbert of Fredeicktown.

The Sunday program will be a lengthy one starting at 10:30 o'clock. Rev. D. M. Paul the pastor of Fells church and Rev. Ross will participate in this service. Bishop Moore will preach the sermon, and from 12:30 to 2:30 there will be an intermission and social meeting. At 2:30 there will be a platform meeting when an historical address will be delivered by Rev. B. F. Beazell, D. D., of Fells, Bishop Moore and others. At 7:30 the closing service will be held when Rev. John Wallace, D. D., editor of the Pittsburg Christian Advocate will preach.

Fells church was founded in 1785 and the present stone structore was built in 1834. It has been repaired and beautified for the anniversary celebration. A general invitation has been extended to all denominations to attend the services Sunday and the evening services this week. Tables have been provided so that families can take their dinners and remain all day. The site is one of the most beautiful historical spots in Westmoreland county.

STAR CONCERT BAND AT ELDORA SUNDAY

The Star Concert band of Monessen will be at Eldora Park Sunday afternoon and evening, to give concerts. The band is said to be one of the best in this section, and with a competant director furnished music of the west grade.

EMBEZZLEMENT IS CHARGED AGAINST TWO

On charges of embezzlement prefered by Albert Bakewell of Brownsville, Joseph W. Worrell of near West Brownsville, was arrested by Constable E. E. Cummins of Washington. He furnished bail in the sum of $500 for a hearing before Justice of the Peace Henry Gantz, Saturday, July 16 at 1 p. m. Worrell is the trustee of an estate of three Bakewell children. It is alleged that Worrell had used the income from the estate to the amount of $281 for his own purpose.

Docks Being Centralized

The River Coal company is pursuing the policy of grouping its docks at various points, Monongahela and Elizabeth seeming to be the favored locations. It may be that the docks now at Tremont in the Fourth pool, will be moved to another place, possibly Monongahela.

Ministers Plan Campaign

The ministerial association of Monessen is preparing to hold a number of union evangelistic meetings during the month of August The three places chosen for these meetings are Sixth street hill, at the freight depot and in Dutchtown, where services will be held simultaneously.

After New Industry

Washington is likely to secure a new industry. Negotiations are now on for the removal of the plant of the Pittsburg Tack and Nail Co., from Pittsburg to the county seat.

DO IT NOW

Charleroi People Should Not Wait Until It is Too Late

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Brice Ray, 121 Prospect avenue., Charleroi, Pa., says: "I can speak as highly of Doan's Kidney Pills at the present time as when I publicly recommended it in 1907. At that time I told of the great benefit a member of my family had received from the use of this remedy at Piper Bros.' Drug Store. On several occasions since then, the pezson referred to has taken this remedy with the best of results"

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Premonition.

Little Willie—Say, pa, what is the meaning of premonition?

Pa—Premonition, my son, is what ails people who are afflicted with the "I told you so" habit.—Chicago News.

A Sacrifice.

Fat Man—What! Are you going to let this small boy shave me? Barber—Let the boy have his fun for once. It is his birthday, sir.—Fliegende Blatter.

THE CHAMELEON.

This Curious Animal Is Like Two Half Creatures Joined.

The chameleon is not allied closely to any other animal. It stands as a genus by itself. The nervous centers in one lateral half operate independently of those in the other. This seems outrageous, and it is, but it is true. The chameleon has two lateral centers of perception—of sensation and of motion. There exists also a third center—that common one in which abides the power of concentration by means of which the two sides of the creature may be forced to work in harmony with each other. But this center of concentration does not always dominate the situation. Notwithstanding the strictly symmetrical structure of the animal's two halves, the eyes move quite independently, and they convey distinct and separate impressions to their respective centers of perception. As of the eyes, so of the other members, each reports to and is controlled by its own center.

The result is that when the faculty of concentration becomes disturbed everything is jumbled. Let the chameleon be much agitated and its movements grow erratic. They are those of two creatures fastened together, or, rather, of two half creatures joined. Each half exhibits its intention of going its separate way. The result is a pitiable comic burlesque of movement. There is no concordance of action. A curious example of the chameleon's helplessness when unduly excited is found in the fact that it cannot swim. The shock of being plunged into water upsets the poise of its faculty for concentration. Forthwith each side strikes out wildly for itself, to its own undoing. The chameleon is the only four legged vertebrate that cannot swim.

When the creature is calm every impulse to motion is referred to the common center of concentration, and the entire organism acts in fitting accord with the commands issued by that faculty. Thus, while totally different impressions from the two eyes are transmitted from their centers to the common one, that concentrating power decides as to which scene is the more important and then directs the eye otherwise engaged also to regard it. The same principle applies in the control of all the members—so long as the animal remains unexcited. Any observer may easily verify the existence of this dual nature in a superficial way by some experiments with a sleeping chameleon. A touch on one side of the animal will wake that side up, while the other side sleeps calmly on.

WALL STREET WAYS.

Methods of a Brilliant Operator of Many Years Ago.

One of the most brilliant operators of Wall street in the early sixties of the last century was Walter Wellman Morse, though he was by comparison with some of the gray haired market veterans only a mere boy, being just thirty years of age. The public confidence he enjoyed made it possible for him to realize profits in any stock.

Such was the influence his indorsement would carry that after he had accumulated stock at his prices he could tell his daily callers that the stock was due to go up, and immediately there would be enough professional and public buying of the stock to send it up, thus enabling Morse to unload at a profit.

An example of Morse's popularity was illustrated in a scene accompanying the opening of subscriptions for stock in a coal mining company organized by him. The day the subscription book was opened people flocked to the office and fought with each other in their efforts to enter and get their names recorded. One man who had subscribed for a large amount of this stock, after getting away from the crowd, came back and, walking up to Mr. Morse, said, "I say, Mr. Morse, was that gold or coal stock I subscribed for?"—Moody's Magazine.

Dalton's Experiment.

The English chemist Dalton was a schoolteacher. He worked without a laboratory and with crude apparatus, mostly made by himself from simple materials. Here is an example described in his own words:

"Took an ale glass of a conical figure, two and a half inches in diameter and three inches deep; filled it with water that had been standing in the room and consequently of the temperature of the air nearly; put the bulb of the thermometer to the bottom of the glass, the scale being out of the water. Then, having marked the temperature, I put the redhot tip of the poker half an inch deep in the water, holding it there steadily for half a minute, and as soon as it was withdrawn I dipped the bulb of a sensible thermometer into the water, when it rose in a few seconds to 180 degrees."

He then determined the temperature of the water at the bottom after five minutes, after twenty minutes and after an hour and found that it rose gradually from 47 to 52 degrees. This simple experiment proved that water has the power to conduct heat, which had been denied by no less an authority than Rumford.—Youth's Companion.

Self Denial.

Teacher—What do you understand by the words "self denial?" Pupil—It is when some one comes to borrow money from father and he says he is not at home.—Fliegende Blatter.

Bill Was Dead Slow.

"Didn't I tell you that Bill was too slow to live?"

"Why, what's 'e bin and done now?"

"He's gone and got run over by a hearse!"—New York Journal.

NOTED BY A TOURIST.

Some of the Queer Things That Were Observed Abroad.

About half one's time in traveling abroad is spent in buying stamps. No matter how many I put on a letter I had no faith to believe that it would reach America. I found that I could send a letter with one stamp on it if I paid enough for it, also that I could get a denomination of which it would take twenty. In Cairo I put fifteen sphinxes and pyramids on the front of a letter and five on the back. As for postal cards, imagine asking for one in the Belgian language—Wereldpostvereeniging!

But it is in a Mohammedan country that an American mind needs readjustment. We woke one morning in Constantinople and found our calendar nine days ahead of theirs, our watches seven hours behind and the name of the month Ramadan. The Mohammedans seem to live up to their religion in a more definite way than we do, and we soon learned what to expect. The porter would drop one's trunk when the muezzin called to prayer. The sacredness of animal life compelled us to walk around the hundreds of lazy dogs asleep on the sidewalk. We were required to take off our shoes instead of our hats when entering a mosque. Women were not allowed to pray, because they "have no souls." Friday was the day for Sunday, and a camera was an "evil eye" and could not be carried into any sacred place. Our artist was once charged 20 cents extra for keeping an evil eye in his room all night.

Before the journey ends the tourist has lost his identity completely. At first he is from "Kalamazoo, Mich.," then from "Michigan," later "the United States," soon the "States," and the writer was once introduced to a gentleman from Tuscany as "the lady from North America." — Delineator Magazine.

VISITING CARDS.

Names and Messages Used to Be Scribbled on Playing Cards.

It is somewhat curious that so useful an invention as the visiting card should have been unknown to society until comparatively recent times. Yet 150 years ago the carte de visite did not exist. The belles of the seventeenth century used nothing in the shape of a name card, or "ticket," as it was afterward called. Invitations to routs and drums as well as names and addresses were written across the backs of playing cards, which in those days were made with a white reverse and innocent of the intricate pattern familiar to us in modern times.

Mary Wortley Montagu, a lady of ton, says the Connoisseur, would be apt to use a red playing card—a queen of hearts—for ordinary social purposes, while an amorous beau inscribed his name and the most tender of inquiries on the back of a jack of spades. The great world of the seventeenth and eighteenth centuries was a small world. It was rigidly exclusive. Living in the same quarter of the town, the quality sent each other scribbled messages by the hand of a favorite page. Society, in a word, was informal in the midst of stately formalities, and we have no difficulty in believing the Comtesse de Boigne when she tells us that in 1800 Lady Harington used to trot up and down Bond street picking up guests for a party for the same night.

COLOR WORDS.

Red Seems to Be the Favorite With Most of the Great Writers.

Upon tabulating the words used by Shakespeare referring to colors it is revealed that out of every hundred color words thirty may be classed as red. Next follow twenty-two white, twenty black, seventeen yellow, seven green and only four blue. Thus Shakespeare's favorite color word was red, and investigation will show that this is the characteristic color of nearly all great writers. For instance, it is the color word most often employed by Tennyson.

In all great works of human interest red predominates, as it is the color of the very strongest of our passions and impulses—the color of hot blood. There is no color so warm, so full of joy and life, so overflowing with vitality.

Red is the color of glowing iron—of heat and passion. In nature red hastens the growth of trees, while at the same time it quickens all rotting and decay. Plans grown under red glass will grow four times as quickly as under white light, and grow to four times their usual height.

Red in excess has an evil effect. For example, an excess of red light makes one irritable and nervous. In excess red produces homicidal mania—the desire to kill. The effect of red upon various animals is well known, it having the power of enraging the bull, the tiger and the turkey.—London Scraps.

His Passport.

On one occasion Gustave Dore, the artist, lost his passport while on a tour in Switzerland. At Lucerne he asked to be allowed to speak to the mayor, to whom he gave his name.

"You say that you are M. Gustave Dore, and I believe you," said the mayor, "but," and he produced a piece of paper and a pencil, "you can easily prove it."

Dore looked around him and saw some peasants selling potatoes in the street. With a few clever touches he reproduced the homely scene and, appending his name to the sketch, presented it to the mayor.

"Your passport is all right," remarked the official, "but you must allow me to keep it and to offer you in return one of the ordinary form."

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. EMMA IMSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

ANTI-ACHE
"Cures headache in a flash"
Relieves the congestion, cools the head, stops the ache. Absolutely safe for old or young. Does not leave slightest ill effects or reaction. Tasteless Tablets All druggists, 10c and 25c
Wayne Chemical Co., Clarion, Pa.

R&G CORSETS
Every pair guaranteed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

METHODISTS HIT AND WIN GAME

Washington Avenus Taken Oaer by of 0 to 1 Last Night

The Methodists got the better of the argument last night with the Washington Avenue Presbyterians by the score of 5 to 1. The Washington Avenues were somewhat crippled and had to substitute two players who did not belong to their team. The one thing which featured principally in the game was hitting. The Washington Avenues were unable to connect safely with Pollock's benders, while the Methodists found Osborne for 10 safeties. In the first inning the Methodists scored two, on three hits the same number in the second, one hit and three errors, and one in the sixth on three hits. The Washington Avenues got their tally in the fourth on a hit, an error and a sacrifice fly. The score:

METHODISTS	R	H	P	A	E
P. Bege, l	1	3	0	0	0
Riggs, s	1	1	3	3	0

TROLLEY COMPANY IS MAKING FILL

W. M. B. V. and F. C. Repairing at Bridge in Belle Vernon

The Webster, Monessen, Belle Vernon and Fayette City street railway company has begun work on a fill which will eliminate the old tressle which crosses the creek bottom at the foot of Main street, Belle Vernon. The structure is fast wearing away and it has been the intention of the company to dispose of it.

The street car company will fill in its right of way of twenty feet and the railroad company may complete the work. The incline at the Monessen side of the trestle will likely be reduced. Two railroad tracks have to be crossed to the bottom of this grade, one of them being the Speers branch tracks and the other a siding. The branch will be continued but the other siding will be changed to run parallel with the main tracks of the P. and L. E. and thus avoid one of the crossings.

It is also hoped to accomplish the intention of abandoning the old circuitous road leading around the bottom and build a direct road to Monessen parelleling the new street car tracks which will occupy the fill. This will assist in simplifying the proposed new brick road to Monessen, and be in keeping with the improvement the P. and L. E. will make at the Monsessen Brick works.

Lover.

Sol. Rider and family of Hays Station are visiting at the home of the former's parents, Mr. and Mrs. Teagarden Rider.

Miss Morrison of Waynesburg, was a guest of Miss Stella Carson over Sunday.

Miss Andrews is visiting at the home of her brother, Jos Andrews near Rogers school house.

Quite a number of the people here attended the 4th at Charleroi.

Superintendent to Speak

Rev. J. Elmer Eittle of Pittsburg, missionary superintendent of the Pittsburg Synod, will speak at Christ Lutheran church Sunday evening at 7:30 o'clock.

THE CHARLEROI MAIL

Entered second class mail at Charleroi June 15, 1900, according to Act of Congress of March 3, 1879

VOL. X. NO. 274. CHARLEROI, WASHINGTON CO., PA., SATURDAY, JULY 9, 1910. One Cent

GOVERNOR STUART WILL LEND AID IN CAMPAIGN

Many Speakers Volunteer Their Services

ORGANIZATION IS SOLID

So-Called Independent Opposition Never Given a Thought

Few candidates for Governor in Pennsylvania will have had an abler number of campaigners than Hon. John K. Tener of Charleroi, if all who have already volunteered their services, carry out their present intentions. Not only some of the best speakers in the State, but in other States as well have offered to assist Mr. Tener, when the campaign opens and the cities and towns fortunate enough to have the campaigning party make them a visit, will be treated to discourses by some of the finest orators of the country.

Chief among these who have offered to speak and assist Mr. Tener in his campaign is Governor Edwin S. Stuart. Mr. Stuart has given Pennsylvania almost a golden rule, and has been one of the best Governors the State ever had. Other noted men who will assist are Ex-Congressman "Jim" Watson, of Indiana, who ranks as one of the best speakers of the west, and Representative Ralph D. Cole of Ohio.

Lieutenant Governor Robert S. Murphy, who was considered one of the strongest rivals of Congressman Tener for the nomination, will make some speeches for him. Others will be ex-Ambassador Charlemagne Tower, ex-Lieutenant Governor L. A. Waters, ex-Senator John S. Fisher, District Attorney W. L. A. Blakely of Allegheny county, and ex-Senator Cyrus E. Woods.

State Chairman Walton says that his assurance are that every man of prominence in the Republican party in the State will take the stump and work hard. The speakers bureau is already partially organized and will be perfected in a short time.

While the enemies of the organization have repeatedly asserted that the ticket is one of the weakest the State has had for years, and have made every effort to disrupt the Republican forces, it is nevertheless realized by the people and voters of the State at large that this is not true, that the men presented are the strongest candidates that could be selected. The so called independent opposition has not developed as yet, and indeed has hardly given the leaders a thought.

Will Celebrate Columbus Day

The Italians of Uniontown are making extensive preparations for the celebration of Columbus Day there October 12th.

Vandals Wreck Playgrounds

New play grounds which were just opened at Washington were visited and almost wrecked by vandals. All the paraphernalia, including swings, toys and decorations, were broken up and articles of value carried away.

Given Away

The Jonebo Land company will give away 9 free tickets from Pennsylvania to Carlsbad, Texas, and return. Inquire of H. F. Parsons, representative, 502 Fallowfield avenue, Charleroi, Pa. 272t3

Degree Federation Will Meet Monday

Fayette City Commandery will be Host to Knights of Malta o. Valley.

Cumi Commandery No. 383, Ancient and Illustrious Order Knights of Malta of Fayette City will on Monday evening entertain the members of the Monongahela Valley Degree Federation. Half a dozen commanderies, located at Monongahela, Donora, Monessen, Charleroi, Fayette City and Belle Vernon, comprize the organization. Its aim is to better the degree work and promote more of a fraternal feeling among the membership of the order throughout the district.

WILL TELL NOMINEES

Candidates Will be Informed They are Chosen Representatives to Party

PITTSBURG PLACE CHOSEN

The Republican State candidates for the fall election will be formally notified at Pittsburg July 23 of their nomnations. The details of the ceremony are being arranged at Philadelphia by State Chairman Henry F. Walton.

The committee of notification, consisting of one man from each of the fifty Senatorial districts, will be named by Convention Chairman William E. Crow. The announcement is expected very soon.

Pittsburg was chosen because of its nearsness to the Charleroi home of Candidate Tener and because it affords a better hall. All of the candidates are expected to be present.

W. S. Bumbaugh of Monessen has been named on the committee from Westmoreland county. He will accept the honor and be present on the occasion.

LAYING NEW PIPE LINE AT MONESSEN

The Monessen Water company will next week award a contract for the laying of $10,000 worth of pipe lines in Monessen borough. These water mains will very materially increase the water presure all over the town. The present extension to the pipe lines will more than double the carrying capacity of the Monessen pipe system and will materially increase the presure in all the hill districts where at present it is rather low.

Connected with the equipment of the Monessen Water company is a filtration plant, the first constructed in the valley, a $10,000 duplicate pump, and a steam engine plant. The present engine used in pumping water is a large Westinghouse gas engine. The contractors will be required to finish the pipe laying job within six weeks after the first ground is broken.

NEW BLOWING MACHINES INSTALLED AT IMPERIAL

Two new blowing machines have been put in operation at the Imperial Bottle works and two more will be started on Monday of next week They will be kept in operation all summer, and be a part of the plant henceforth.

The blowing machines are of the United Bottle Blowing Machine company's make, are to be used in the manufacture principally of the large ware. They will not supersede the men, but will cut down the number of boys employed at the plant. The machines will be operated by compressed air.

Superintendent H. J. Booth anticipates a steady run from now on. The factory is in good shape, and orders are coming in steadily.

ELKS TO LEAVE SUNDAY FOR CONVENTION CITY

Detroit Will be Mecca for Clubmen the Coming Week---Congressman Tener Will be Noted Figure

AUTOISTS GOING FROM THIS SECTION

Thirty members or more of Charleroi Lodge, No. 494 B. P. O. Elks, several with their families, will attend the annual meeting of the Grand Lodge at Detroit next week. Most of the local people will go by train to leave Sunday morning on the 9:05 train. In the Charleroi party will be people from Brownsville, and other up river places, and from Monessen, Donora and Monongahela. A special car will carry the Elks from the Pittsburg district to Detroit. Roland W. Brown is the representative of the Charleroi lodge.

Several Elks from this section are expecting to go by automobile, and two machines will go from Charleroi. These will be C. W. Weltner's and A. D. Spencer's. With Mr. Weltner will be his wife and Mr. and Mrs. George Cooper. Mr Spencer left this morning taking D. R. Hormell with him. From Monessen five owners will go by automobile. The automobilists will leave today or this evening.

The grand lodge will be in convention nearly all next week, and the local party will not return home until Friday. The way it looks now "Garry" Hermann, the owner of the Cincinnati baseball team of the National league, will be elected grand exalted ruler, Edward Leach of New York city grand treasurer and Fred C. Robinson of Dubuque, Iowa, grand secretary. The latter two will be re-elections. Robinson has some opposition, but it is said to be slight.

Congressman John K. Tener of Charleroi was expected to arrive in Detroit with a motoring party from New York some time this evening, but on account of an unavoidable delay last night, it is hardly likely that he will reach the convention city on schedule time. He will be one of the principal figures at this convention, owing not only to the fact that he is a past grand exalted ruler of the lodge, but mainly because he was nominated recently on the Republican ticket for Governor of Pennsylvania.

FIVE BANDS ENGAGED FOR MONSTER PARADE

Bridge Opening Day to be Celebrated in Great Style by Belle Vernon, Speers and Charleroi People

Not only Belle Vernon and Speers but Charleroi will have a part in the celebration to be held July 20 for the freeing of the Belle Vernon bridge. The local people are taking considerable interest in the matter, and some of them at least will appear in the parade and participate in the exercises to be held afterward at Lynn's Grove.

The line of parade has practically been mapped out. It will form at Speers, and then will continue to Charleroi. After covering the principal streets here, the parade will head back towards Speers to cross the bridge to Belle Vernon, and then go to Lynn's Grove.

The committee in charge of the parade plans to have at least five bands. These will probably be the Charleroi Concert band, the Citizens band, of Belle Vernon, the Fairhope band, the Naomi band, and the Carmichaels or Masontown band. The parade will be led by judges of both counties, the grand juries and the viewers who passed upon the bridge. It is the intention to have 100 or more automobiles in line.

Auto Sticks in Mud Then Prison Warden Entertains

Congressman Tener and Party of Friends Have Unique Visit at Auburn State Prison in New York

A special from Auburn, N. Y., yesterday to the Pittsburg Dispatch says that although accustomed to entertain politicians, bankers, lawyers and even clergymen as the result of grand jury deliberations in various parts of the State, Warden Benham at Auburn prison last night took in the most prominent guests who ever slept inside the walls. They were John K. Tener of Charleroi, Republican candidate for Governor of Pennsylvania, and wife, P. T. Powers, baseball magnate and wife, and A. J. Fanning former secretary to "Tom" Taggart. All of the men are prominent Elks—Past Grands. The Auburn Elks give the following version of their incarceration:

Late last night, while en route for the grand lodge meeting at Detroit, the auto containing the party stuck in the mud on the Montezuma marsh. A relief expedition towed the derelict to Auburn where it was abandoned. Powers, addressing a newsboy, asked:

"Where's the best hotel?"

"Copper John's," said the boy.

"Where's that."

"Over there. Tell the fellow at the gate you want to see Proprietor Benham," directed the newsie.

In a few minutes the party was amazed to find themselves in the Warden's office of Auburn prison. Warden Benham is an Elk. The grip was soon passed and the party was held for exceeding the speed limit of Montezuma.

This morning Mr. Tener assumed his power as Governor and pardoned all in his party. Then they took the next train for Detroit to join the antlered herd.

ASSOCIATION FORMED BY MINISTERS AND LAYMEN

Union Telephone Declares Dividends

California Concern Had Good Year and is in Good Shape Now

Again the Union Telephone company (Independent) of California has given to stockholders their semi-annual three and one half per cent gold dividend checks. Four months after starting this company mailed a two per cent dividend check and for some time continued to pay two per cent quarterly. Since July, 1905, it has paid dividends semi-annually instead of quarterly on account of the real amount of work attached to it. The Union Telephone company now has nearly 400 subscribers who enjoy the free use of over 1,500 telephones in eastern Washington county.

OUTING ON FIFTEENTH

Odd Fellows of Valley will go to Cascade Park Next Friday

SPECIAL TRAIN CHARTERED

The fraternity of Odd Fellows of the Monongahela Valley have in anticipation the 15th of this month, when special trains on the P. and L. E. railroad will carry them to Cascade Park for a day's outing. This outing is given under the auspices of the Odd Fellows Picnic Association, composed of three members from the lodges of each of the following towns: Charleroi, Monessen, Belle Vernon, Monongahela, Fayette City, Allenport, Roscoe, Coal Centre and California, with a possibility of Donora and Monongahela being added before the picnic occurs. The members from Charleroi are Robt. Craig, Robert Christie and I. O. Wycoff. Those from Monessen are L. H. Richards, who is president of the association, Robert McKelvey and Robert Campbell. The Belle Vernon members are Jos. Robison and Earl P. Dugan.

Th special train leaves Brownsville at 7:15 and arrives at Monessen at 7:44. Baggage and baskets will be checked through to the park. The indications are that this will be one of the largest and most successful picnics of the year, as the different committees are working hard to make it a success. At least 1,000 persons are expected to go.

ROSCOE COMPANY HAS GOOD YEAR

The Rsocoe (Independent) Telephone company has been giving service for about three years, with many financial ups and downs, but with marked success at all times in so far as service goes. It now has 90 subscribers. The directors have been quite successful in the affairs of the company during the past year and have issued dividend checks at the rate of two per cent to the stockholders. The statement shows a nice surplus in the bank after the dividend is cared for.

Meeting Held at Christian Church Yesterday

TAKES IN LARGE NUMBER

Extent of Boundries Optional With Those Who Desire to Join

At a meeting yesterday at the First Christian church here of ministers and laymen from various Christian churches along the valley and from Washington, a preliminary organization was formed of ministers and governing boards as a means of increasing the efficiency of church work. The movement is one started some time ago by ministers of this immedate section, and has been productive of great interest.

The program for the meeting yesterday took the form of a discussion of the proposed association with the work of organization such as could be effected at this time. Rev. E. A. Cole, who was present from Washington, made an address in which he outlined the good that had come from other associations, and of the advantages of close association of governing boards and ministers. Following his talk a number of ministers and laymen gave expressions of their thoughts on the matter.

A committee of five was appointed to draw up a constitution and by-laws and to attend to the incidental work necessary to permanent organization. This committee consists of Rev. H. E. Becke of Monongahela, Frank Ingolli of Charleroi, Rev J. E Hughes of Monessen, Rev. George Woodbury of Belle Vernon, and T. J. Allen of Charleroi. This committee will issue a call for the next meeting. The extent of the association will be optional. It is probable that all meetings will be held in Charleroi.

FARMERS LOOK FOR GOOD CROPS

Indications are for Rich Harvest of Both Fruit and Grain

According to a prominent farmer of Fallowfield township the crops this year will be fairly good The hay crop, generally speaking, is good, and indications are that the wheat and oats crops will be better than last year. Owing to the slow season not much can be said of the corn crop, but it is expected to reach the usual standard.

The fruit crop promises to be good. Cherries there have been in abundance and apple, plum and peach trees are filled with ripening fruit. The weather of late has been of such as to insure a rich harvest this year, and the farm owners are desirous of making this a good year. It was feared that the corn crop would be slight, but indications are that it will not fall below the average.

Miss Leona Evans, who has been employed in Clarion as a milliner, has returned to her home on McKean avenue to spend the summer vacation.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

County Unit Too Large

The lynching of an Anti-Saloon League detective at Newark, Ohio, who shot and killed the alleged proprietor of an illicit saloon in a raid, shows the weakness of the local option law when applied to so large a unit as a county. Under the Rose law Licking county, Ohio, voted dry. In Newark, the county seat, there seems to have been so much of a sentiment against the prohibitory law that it was not enforced, and numerous speakeasies are alleged to have operated unopposed. A county law and order league employed outside detectives to close up these illegal resorts, and in a raid one of the proprietors was shot and killed by a detective. A mob of citizens battered down the jail doors where the detective had been committed, took him from a cell and hanged him to a telegraph pole.

This emphasizes what the Mail has always contended, that a county unit is too large for a local option law, particularly at the start. In the case at hand, th vote of the entire county was in favor of local option, although there were districts, like Newark, where the sentiment was probably against local option. There the law was not enforced, and in the attempt of outsiders to enforce it a lynching is the result. Had the local option unit been created from the smallest tax creating district, like a township, a borough, or wards in large cities, no prohibitory law would be passed where the sentiment was not in favor of its enforcement. This is the objection of State wide prohibition at the start, although it is possible to reach that condition in the evolutionary process and growth of sentiment from the smallest local option unit. The same weakness likewise applies to the county unit.

A Rehabilitated Party

Because a few so-called insurgents and disaffected politicians are out for revenge and disatisfied with the Republican party, the organization is not going to be disrupted nor given over to the control of the knockers, but is going to adapt itself to existing conditions. The New York Evening Mail puts it this way:

"The Republican party is not going to be made over in a hurry, in order to meet the personal plans or ambitions of quick-on-the-trigger leaders. Neither is it going to be made over on the pattern anyone, or any group, of them has cut out for it. Neither is it going to 'stand pat.'

"It is going to lose some of its old guard soon by death or voluntary retirement. It is going to send to the rear the men who have sought to resist its adjustment to fresh conditions. It is going to assist through a process of evolution—is passing through it now—in which it will take on new and more progressive purposes, and yet will retain that spirit of responsibility, that capacity to perform and not merely to agitate, which seems so irritating to the advance insurgent guard.

"The Republican masses are at work, penalizing reaction, rebuking humbug, appportioning rewards and punishments. When they are through the party will be neither what it is now, nor what the insurgents would have it, but something better than either model. Meanwhile, it is clear that both factions of the majority desperately need each other."

One of the vital principals of the Republican party is that it is constantly changing to meet new conditions and keeping pace with the progress and development of the people. That is why it retains their confidence and is emerging rehabilitated from the storms of criticism and dissension.

A Good Samaritan

Twice within a couple of weeks have the beneficient effects of the Monessen-Charleroi hospital been demonstrated for this community. The first instance was the terrible auto accident near Roscoe, where five injured patients—some of the most serious—were nursed back to life chiefly on account of the proximity of the institution, and the quickness and dispatch by which the patients could be conveyed there without loss of valuable time in attention to their injuries. The other instance was where the hospital afforded shelter and refuge to an unfortunate girl who gave birth to an infant on the streets.

These are only instances of daily occurrence. Not only is a hospital here a life saving institution, but it is a financial saving to the sick and afflicted of the community. These can for a reasonable sum get all the professional care and attention that the hopitals of the larger cities afford, and in addition the patients can retain the services of their family physicians who understand their cases. Experts and specialists can be summoned here in emergiencies the same as elsewhere, with the advantage of the patients being at home where their families and friends can visit them daily if necessary.

These are some of the reasons why the Monessen-Charleroi hospital should command the support and attention of every citizen. Its work is largely charitable and no one can contribute to a more worthy cause than to alleviate the bodily sufferings of their fellow beings.

ELECTRIC SPARKS

The Washington Record seems to consider that its "Elusive Lucy," has "Sneaky Ernie" beaten a block for real mysterous movements.

The McKeesport Daily News has nominated Congressman John Dalzell to the United States Supreme Court bench to fill the vacancy caused by the death of Chief Justice Fuller. Now watch a real boom.

The girl who says that because a man tried to kiss her he must have been drinking should not feel disappointed with anyone who agrees with her.

The Sheep Hill Philosopher of the New Castle Herald says that if someone would make him a present of a vacation, he'd hardly know what to do with it, because the blasted things are so awful expensive.

The Eskimos who claim to have discovered how to reduce the size of the human head should come up here and open a morning after studio.

Aeroplanes may be all right to use in war, but if somebody should shoot holes in the wings the aviator might get a mighty hard drop into the enemy's territory.

The "I told you so's" have been wurking overtime since the Jeffries-Johnson fight.

Scientists say that idleness will kill men but we know of men 72 years old who have loafed their entire life.

The man who paid a debt 42 years old must have recently been convicted.

A man 78 years has declared that age is no bar to love, and has proceeded to get married. It is a different love to that of the 19-year-olds, however.

It's not fashionable to get burned with powder after the Fourth has passed, so it is advisable for little boys to take more care than ever.

Because a pretty girl says no, is no reason a man should commit suicide Rather, we should say, he is a fit subject for congratulations, and should be serenaded in preferance to the couple just married.

RAILROAD DREADNAUGHTS

According to an announcement recently made, the Pennsylvania Railroad System has in service on its lines, or on order, nearly two thousand passenger cars of all steel construction. These cars have been added to the Company's passenger equipment since June, 1906, when it was announced that all future additions to passenger equipment on the Pennsylvania System would be of all steel construction. The Lines of the Pennsylvania System, on all of which steel cars will be operated, include the Pennsylvania Railroad Lines east and west of Pittsburg and Erie, the Long Island Railroad, the Cumberland Valley Railroad, the New York, Philadelphia and Norfolk Railroad, the Vandalia Railroad and the Grand Rapids and Indiana Railway.

The Pullman Company is at present constructing a sufficient number of steel sleeping and parlor cars to equip the entire Pennsylvania System. These cars are now being delivered at the rate of from 50 to 60 a month. Already there are in service on through trains 75 sleepers, and 5 combined parlor and baggage cars When the present order is completed there will be in service on the Pennsylvania System some 600 all steel Pullman cars; this number is included in the 1,988 cars now in use or on order.

The steel passenger cars on the Pennsylvania System have been called "Dreadnaught" cars by reason of their construction. They weigh some 118,500 pounds as against 85,000 pounds in the standard vestibule wooden coach. This increase in weight very greatly reduces the vibration of the car, thereby adding to the comfort of passengers. The car is noncollapsible its principal feature being a cenntral box girder twenty-four inches wide by nineteen inches deep extending throughout the entire length of the coach; this girder, in collisions, prevents telescoping. The car is fire proof containing only about 125 pounds of wood; the latter is used for window frames and arm rests in the seats.

In the steel equipment now in service, there are 457 coaches, 22 dining cars, 34 passenger and baggage cars, 33 baggage, 78 postal and 30 Pullman cars. In addition to these there are on order or under construction at the present time, 502 steel coaches, 28 steel dining cars, 83 passenger and baggage cars, 33 baggage, 39 postal, 28 baggage and mail, 1 comination motor car, and some, 520 Pullman cars.

With the 704 steel cars in use at present, and the 1,284 cars on order, the Pennsylvania System will shortly have avaliable for use on its lines East and West of Pittsburg and Erie a total of 1,988, solid steel passenger equipment cars.

Address of Jackson Car

A number of Elks who propose to visit Detroit during the session of the grand lodge next week have made inquiry of the Charleroi Automobile company for the address of the Jackson car. The headquarters are the Seidler-Miner Auto company, 224 Jefferson avenue, Dertoit.

SUNDAY SERVICES AT THE CHURCHES

Several Churches of Charleroi Will Observe Day in Usual Manner.

Baptist

Sunday school 9:45. Morning worship at 11. Subject, "The Calling of the Apostles." Evening service at 4:45. Cordial invitation is extended to all. Rev. C. Joshua, pastor.

Sunday school at 9:45. Morning service at 11. Christian Endeavor at 6:45. The evening service at 7:30. Offering for the board of church erection will be taken tomorrow and the following Sunday. Wedneday evening prayer meeting at 7:30.

St. Mary's Episcopal

Corner Sixth and Lookout. Early celebration of the holy communion at 8. Sunday school and Bible class at 9:45. Morning prayer, litany and sermon at 11. Subject, "Worship." No evening service. Seats free. All are cordially welcome. Rev. L. W. Shey, rector.

Washington Ave. Presbyterian

Bible school at 9:45. Preaching service at 11 and 8. Jr. C. E. at 2:30 and Sr. C. E. at 7. Everybody cordially invited. Rev. G. G. Kerr, pastor.

SEVENTY DEATHS DUE TO FALL OF SLATE

George Harrison, State mine inspector, reports 115 fatal and 693 nonfatal accidents in Pennsylvania in 1909. Only one of the fatal accidents was due to the explosion of gas, but 70 were due to falls of roof and coal. According to Mr. Harrison the production in 1909 amounted to 27,756,192 short tons, in the mining of which 47,019 men were employed. The quantity of coal won for each life lost was 241,357 short tons, and the death rate per thousand employees was 2.45. In 1908 there were 282,448 tons mined for each fatality and the death rate was 2.38.

How to Cure, Pimples, Exzema and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid resultswherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any from of skin or scalp diseases by this clean, scientific remedy. Piper Bros.

ANNIVERSARY AT FELL'S CHURCH

Sunday Will be Memorable Day for Webster Denomination---Bishop Moore Principal Speaker

With services held Thursday night began the celebration of the 125th anniversary of the Fells Methodist church at Webster. Services were held last night and will be repeated tonight, with the grand climax on Sunday when the program will take the form of an all day service with a sermon by Bishop David Moore of Cincinnatti, and a general reunion of former pastors and members.

The program Thursday night consisted of a sermon by Rev. A. S. Hunter of Beaver and a consecration service led by Rev. W. C. Weaver, D. D., of Beaver Falls. Last night Rev. Judson Jeffries, of Wilmerding preached a sermon and Rev. Herbert Morris of Star Junction conducted an evangelistic service. Both were former pastors of the church. Rev. S. G. Noble of Donora assisted the evening's service.

Tonight the service will be in charge of Rev. R. S. Ross, D. D. of McKeesport and Rev. H. S. Humbert of Fredericktown.

The Sunday program will be a lengthy one starting at 10:30 o'clock. Rev. D. M. Paul the pastor of Fells church and Rev. Ross will participate in this service. Bishop Moore will preach the sermon, and from 12:30 to 2:30 there will be an intermission and social meeting. At 2:30 there will be a platform meeting when an historical address will be delivered by Rev. B. F. Beazell, D. D., of Fells. Bishop Moore and others. At 7:30 the closing service will be held when Rev. John Wallace, D. D., editor of the Pittsburg Christian Advocate will preach.

Fells church was founded in 1785 and the present stone structore was built in 1834. It has been repaired and beautified for the anniversary celebration. A general invitation has been extended to all denominations to attend the services Sunday and the evening services this week. Tables have been provided so that families can take their dinners and remain all day. The site is one of the most beautiful historical spots in Westmoreland county.

STAR CONCERT BAND AT ELDORA SUNDAY

The Star Concert band of Monessen will be at Eldora Park Sunday afternoon and evening, to give concerts The band is said to be one of the best in this section, and with a competant director furnished music of the west grade.

EMBEZZLEMENT IS CHARGED AGAINST TWO

On charges of embezzlement prefered by Albert Bakewell of Brownsville, Joseph W. Worrell of near West Brownsville, was arrested by Constable E. E. Cummins of Washington. He furnished bail in the sum of $500 for a hearing before Justice of the Peace Henry Gantz, Saturday, July 16 at 1 p. m. Worrell is the trustee of an estate of three Bakewell children. It is alleged that Worrell had used the income from the estate to the amount of $281 for his own purpose.

Docks Being Centralized

The River Coal company is pursuing the policy of grouping its docks at various points, Monongahela and Elizabeth seeming to be the favored locations. It may be that the docks now at Tremont in the Fourth pool, will be moved to another place, possibly Monongahela.

Ministers Plan Campaign

The ministerial association of Monessen is preparing to hold a number of union evangelistic meetings during the month of August The three places chosen for these meetings are Sixth street hill, at the freight depot and in Dutchtown, where services will be held simultaneously.

After New Industry

Washington is likely to secure a new industry. Negotiations are now on for the removal of the plant of the Pittsburg Tack and Nail Co., from Pittsburg to the county seat.

DO IT NOW

Charleroi People Should Not Wait Until It is Too Late

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Brice Ray, 121 Prospect avenue., Charleroi, Pa., says: "I can speak as highly of Doan's Kidney Pills at the present time as when I publicly recommended it in 1907. At that time I told of the great benefit a member of my family had received from the use of this remedy at Piper Bros.' Drug Store. On several occasions since then, the person referred to has taken this remedy with the best of results"

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Premonition.

Little Willie—Say, pa, what is the meaning of premonition?

Pa—Premonition, my son, is what ails people who are afflicted with the "I told you so" habit.—Chicago News.

A Sacrifice.

Fat Man—What! Are you going to let this small boy shave me? Barber—Let the boy have his fun for once. It is his birthday, sir.—Fliegende Blatter.

THE CHAMELEON.

This Curious Animal Is Like Two Half Creatures Joined.

The chameleon is not allied closely to any other animal. It stands as a genus by itself. The nervous centers in one lateral half operate independently of those in the other. This seems outrageous, and it is, but it is true. The chameleon has two lateral centers of perception—of sensation and of motion. There exists also a third center—that common one in which abides the power of concentration by means of which the two sides of the creature may be forced to work in harmony with each other. But this center of concentration does not always dominate the situation. Notwithstanding the strictly symmetrical structure of the animal's two halves, the eyes move quite independently, and they convey distinct and separate impressions to their respective centers of perception. As of the eyes, so of the other members—each reports to and is controlled by its own center.

The result is that when the faculty of concentration becomes disturbed everything is jumbled. Let the chameleon be much agitated and its movements grow erratic. They are those of two creatures fastened together, or rather of two half creatures jolted. Each half exhibits its intention of going its separate way. The result is a pitiable confusion of movement. There is no concordance of action. A curious example of the chameleon's helplessness when unduly excited is found in the fact that it cannot swim. The shock of being plunged into water upsets the poise of its faculty for concentration. Forthwith each side strikes out wildly for itself, to its own undoing. The chameleon is the only four legged vertebrate that cannot swim.

When the creature is calm every impulse to motion is referred to the common center of concentration, and the entire organism acts in fitting accord with the commands issued by that faculty. Thus, while totally different impressions from the two eyes are transmitted from their centers to the common one, that concentrating power decides as to which scene is the more important and then directs the eye otherwise engaged also to regard it. The same principle applies in the control of all the members—so long as the animal remains unexcited. Any observer may easily verify the existence of this dual nature in a superficial way by some experiments with a sleeping chameleon. A touch on one side of the animal will wake that side up, while the other side sleeps calmly on.

WALL STREET WAYS.

Methods of a Brilliant Operator of Many Years Ago.

One of the most brilliant operators of Wall street in the early sixties of the last century was Walter Wellman Morse, though he was by comparison with some of the gray haired market veterans only a mere boy, being just thirty years of age. The public confidence he enjoyed made it possible for him to realize profits in any stock.

Such was the influence his indorsement would carry that after he had accumulated stock at his prices he could tell his daily callers that the stock was due to go up, and immediately there would be enough professional and public buying of the stock to send it up, thus enabling Morse to unload at a profit.

An example of Morse's popularity was illustrated in a scene accompanying the opening of subscriptions for stock in a coal mining company organized by him. The day the subscription book was opened people flocked to the office and fought with each other in their efforts to enter and get their names recorded. One man who had subscribed for a large amount of this stock, after getting away from the crowd, came back and, walking up to Mr. Morse, said, "I say, Mr. Morse, was that gold or coal stock I subscribed for?"—Moody's Magazine.

Dalton's Experiment.

The English chemist Dalton was a schoolteacher. He worked without a laboratory and with crude apparatus, mostly made by himself from simple materials. Here is an example described in his own words:

"Took an ale glass of a conical figure, two and a half inches in diameter and three inches deep; filled it with water that had been standing in the room and consequently of the temperature of the air nearly; put the bulb of the thermometer to the bottom of the glass, the scale being out of the water. Then, having marked the temperature, I put the redhot tip of the poker half an inch deep in the water, holding it there steadily for half a minute, and as soon as it was withdrawn I dipped the bulb of a sensible thermometer into the water, when it rose in a few seconds to 180 degrees."

He then determined the temperature of the water at the bottom after five minutes, after twenty minutes and after an hour and found that it rose gradually from 47 to 52 degrees. This simple experiment proved that water has the power to conduct heat, which had been denied by no less an authority than Rumford.—Youth's Companion.

Self Denial.

Teacher—What do you understand by the words "self denial?" Pupil—It is when some one comes to borrow money from father and he says he is not at home.—Fliegende Blatter.

Bill Was Dead Slow.

"Didn't I tell you that Bill was too slow to live?"

"Why, what's he bin and done now?"

"He's gone and got run over by a hearse!"—New York Journal.

NOTED BY A TOURIST.

Some of the Queer Things That Were Observed Abroad.

About half one's time in traveling abroad is spent in buying stamps. No matter how many I put on a letter I had no faith to believe that it would reach America. I found that I could send a letter with one stamp on it if I paid enough for it, also that I could get a denomination of which it would take twenty. In Cairo I put fifteen sphinxes and pyramids on the front of a letter and five on the back. As for postal cards, imagine asking for one in the Belgian language—Wereldpostvereeniging!

But it is in a Mohammedan country that an American mind needs readjustment. We woke one morning in Constantinople and found our calendar nine days ahead of theirs, our watches seven hours behind and the name of the month Ramadan. The Mohammedans seem to live up to their religion in a more definite way than we do, and we soon learned what to expect. The porter would drop one's trunk when the muezzin called to prayer. The sacredness of animal life compelled us to walk around the hundreds of lazy dogs asleep on the sidewalk. We were required to take off our shoes instead of our hats when entering a mosque. Women were not allowed to pray, because they "have no souls." Friday was the day for Sunday, and a camera was an "evil eye" and could not be carried into any sacred place. Our artist was once charged 20 cents extra for keeping an evil eye in his room all night.

Before the journey ends the tourist has lost his identity completely. At first he is from "Kalamazoo, Mich.," then from "Michigan," later "the United States," soon the "States," and the writer was once introduced to a gentleman from Tuscany as "the lady from North America."—Delineator Magazine.

VISITING CARDS.

Names and Messages Used to Be Scribbled on Playing Cards.

It is somewhat curious that so useful an invention as the visiting card should have been unknown to society until comparatively recent times. Yet 150 years ago the carte de visite did not exist. The belles of the seventeenth century used nothing in the shape of a name card, or "ticket," as it was afterward called. Invitations to routs and drums as well as names and addresses were written across the backs of playing cards, which in those days were made with a white reverse and innocent of the intricate pattern familiar to us in modern times.

Mary Wortley Montagu, a lady of ton, says the Connoisseur, would be apt to use a red playing card—a queen of hearts—for ordinary social purposes, while an amorous beau inscribed his name and the most tender of inquiries on the back of a jack of spades. The great world of the seventeenth and eighteenth centuries was a small world. It was rigidly exclusive. Living in the same quarter of the town, the quality sent each other scribbled messages by the hand of a favorite page. Society, in a word, was informal in the midst of stately formalities, and we have no difficulty in believing the Comtesse de Boigne when she tells us that in 1800 Lady Harington used to trot up and down Bond street picking up guests for a party for the same night.

COLOR WORDS.

Red Seems to Be the Favorite With Most of the Great Writers.

Upon tabulating the words used by Shakespeare referring to colors it is revealed that out of every hundred color words thirty may be classed as red. Next follow twenty-two white, twenty black, seventeen yellow, seven green and only four blue. Thus Shakespeare's favorite color word was red, and investigation will show that this is the characteristic color of nearly all great writers. For instance, it is the color word most often employed by Tennyson.

In all great works of human interest red predominates, as it is the color of the very strongest of our passions and impulses—the color of hot blood. There is no color so warm, so full of joy and life, so overflowing with vitality.

Red is the color of glowing iron—of heat and passion. In nature red hastens the growth of trees, while at the same time it quickens all rotting and decay. Plans grown under red glass will grow four times as quickly as under white light, and grow to four times their usual height.

Red in excess has an evil effect. For example, an excess of red light makes one irritable and nervous. In excess red produces homicidal mania—the desire to kill. The effect of red upon various animals is well known, it having the power of enraging the bull, the tiger and the turkey.—London Scraps.

His Passport.

On one occasion Gustave Dore, the artist, lost his passport while on a tour in Switzerland. At Lucerne he asked to be allowed to speak to the mayor, to whom he gave his name.

"You say that you are M. Gustave Dore, and I believe you," said the mayor, "but," and he produced a piece of paper and a pencil, "you can easily prove it."

Dore looked around him and saw some peasants selling potatoes in the street. With a few clever touches he reproduced the homely scene and, appending his name to the sketch, presented it to the mayor.

"Your passport is all right," remarked the official, "but you must allow me to keep it and to offer you in return one of the ordinary form."

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I have been able to help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Emma Imse, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

ANTI-ACHE

"Cures headache in a flash"

Relieves the congestion, cools the head, stops the ache. Absolutely safe for old or young. Does not leave slightest ill effects or reaction. Tasteless Tablets. All druggists, 10c and 25c.

Wayne Chemical Co., Clarion, Pa.

R&G CORSETS

Every pair guaranteed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Miss Emma J. Myers of North Charleroi, former principal of the Ninth street school building in Charleroi, has been elected principal of the grammar grades of the Jefferson building in Monessen.

METHODISTS HIT AND WIN GAME

Washington Avenus Taken Oaer by of 0 to 1 Last Night

The Methodists got the better of the argument last night with the Washington Avenue Presbyterians by the score of 5 to 1. The Washington Avenues were somewhat crippled and had to substitute two players who did not belong to their team. The one thing which featured principally in the game was hitting. The Washington Avenues were unable to connect safely with Pollock's benders, while the Methodists found Osborne for 10 safeties. In the first inning the Methodists scored two, on three hits the same number in the second, one hit and three errors, and one in the sixth on three hits. The Washington Avenues got their tally in the fourth on a hit, an error and a sacrifice fly. The score:

METHODISTS	R	H	P	A	E

TROLLEY COMPANY IS MAKING FILL

W. M. B. V. and F. C. Repairing at Bridge in Belle Vernon

The Webster, Monessen, Belle Vernon and Fayette City street railway company has begun work on a fill which will eliminate the old tressle which crosses the creek bottom at the foot of Main street, Belle Vernon. The structure is fast wearing away and it has been the intention of the company to dispose of it.

The street car company will fill in its right of way of twenty feet and the railroad company may complete the work. The incline at the Monessen side of the trestle will likely be reduced. Two railroad tracks have to be crossed to the bottom of this grade, one of them being the Speers branch tracks and the other a siding. The branch will be continued but the other siding will be changed to run parallel with the main tracks of the P. and L. E and thus avoid one of the crossings.

It is also hoped to accomplish the intention of abandoning the old circuitous road leading around the bottom and build a direct road to Monessen parelleling the new street car tracks which will occupy the fill. This will assist in simplifying the proposed new brick road to Monessen, and be in keeping with the improvement the P. and L. E. will make at the Monsessen Brick works.

Lover.

Sol. Rider and family of Hays Station are visiting at the home of the former's parents, Mr. and Mrs. Teagrarden Rider.

Miss Morrison of Waynesburg, was a guest of Miss Stella Carson over Sunday.

Miss Andrews is visiting at the home of her brother, Joe Andrews near Rogers school house.

Quite a number of the people here attended the 4th at Charleroi.

Superintendent to Speak

Rev. J. Elmer Eittle of Pittsburg, missionary superintendent of the Pittsburg Synod, will speak at Christ Lutheran church Sunday evening at 7:30 o'clock.
